New Release: Legendary Title “A Date with Yesterday” Comes to English e-Reader App “Love 365: Find Your Story”

Voltage Inc. has revealed an August 17th, 2021 release date for “A Date with Yesterday,” the 57th title in its English language e-reader app, Love 365: Find Your Story (hereafter, Love 365). Love 365 specializes in romance for female audiences.

Since its inception in November 2017, Love 365 has produced numerous titles, achieved sales targets, and otherwise expanded at a steady pace. Since June 2020, it has featured a multi-language function that allows users to play in both French and German.

This legendary title first won hearts as a mobile dating game called “Timeslip: Koi no Kiseki” in March 2011 before moving to its new home in Love 365’s sister app, the Japanese language 100 Shiin no Koi+. Now, English audiences will have the chance to enjoy this story under the name of “A Date with Yesterday,” wherein the intrepid heroine tires of her days in singledom until one day she’s visited by an angel who agrees to help her right past loves gone wrong.
